In the heart of a stately building from 1900, featuring natural wood coffered ceilings and modernist details, lies this exclusive 153?m² property that blends the charm of modernist architecture with the comfort of a high-end, fully refurbished interior. The flat, with dual orientation and views of the Majestic Sagrada Familia, has been renovated using top-quality materials and with maximum energy efficiency, while preserving and enhancing historical elements such as the Catalan vault, original mouldings, and iconic hydraulic tile floors. The restored high ceilings add a sense of spaciousness and sophistication that is hard to match. The layout is designed to offer both spaciousness and functionality: upon entering, to the left, there is an open-concept designer kitchen with a central island and high-end integrated appliances, which flows naturally into a 50?m² living-dining room filled with natural light and with direct access to the balcony. The home features four bedrooms and three full bathrooms, offering versatile spaces ideal for families as well as for those looking to combine home and office in a top-tier setting. An architectural gem, carefully updated, preserving the soul of the city while offering all the comforts of modern living. Can you imagine living here? Don’t hesitate to request a visit.
