Main flat with terrace in a 1919 building located in the upper part of Rambla Catalunya.

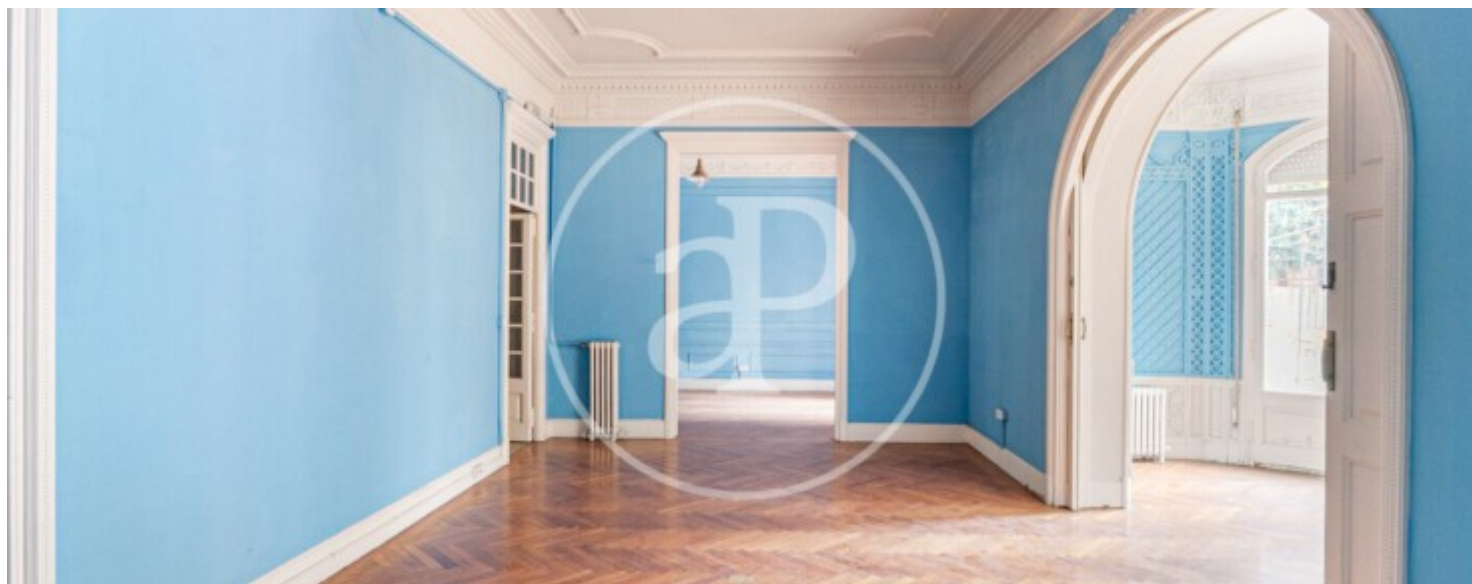

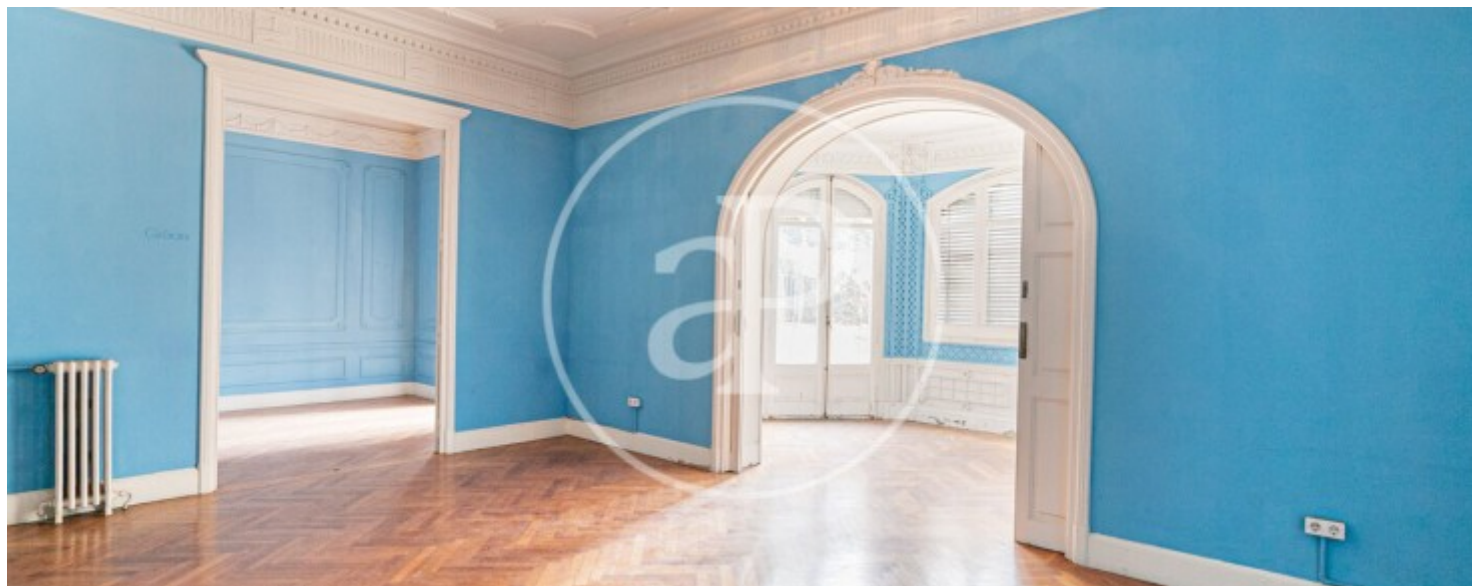

This property is an example of the stately flats of Barcelona's Quadrat d'Or, and that's what happens when you walk through the doors of this property of more than 300m². Columns, high ceilings, balconies, original floors, large windows, beautiful gallery and many other details are some of the characteristics of this flat to be refurbished with a terrace that can be enjoyed in total privacy. Furthermore, as an added value, we would like to highlight that it could be divided into two exterior flats that would continue to enjoy light and a lot of charm while maintaining a

large surface area in each one. The area where it is located is surrounded by shops, 2 steps away from La Pedrera, Casa Batlló, the emblematic Paseo de Gracia and the well communicated Avda Diagonal. Plaza Catalunya and the Gothic Quarter are just a short walk from the property.
