On one of the most sought-after corners of the Eixample, Rambla Catalunya and Provença, stands this true architectural gem, located on the real third floor of an elegant corner building.

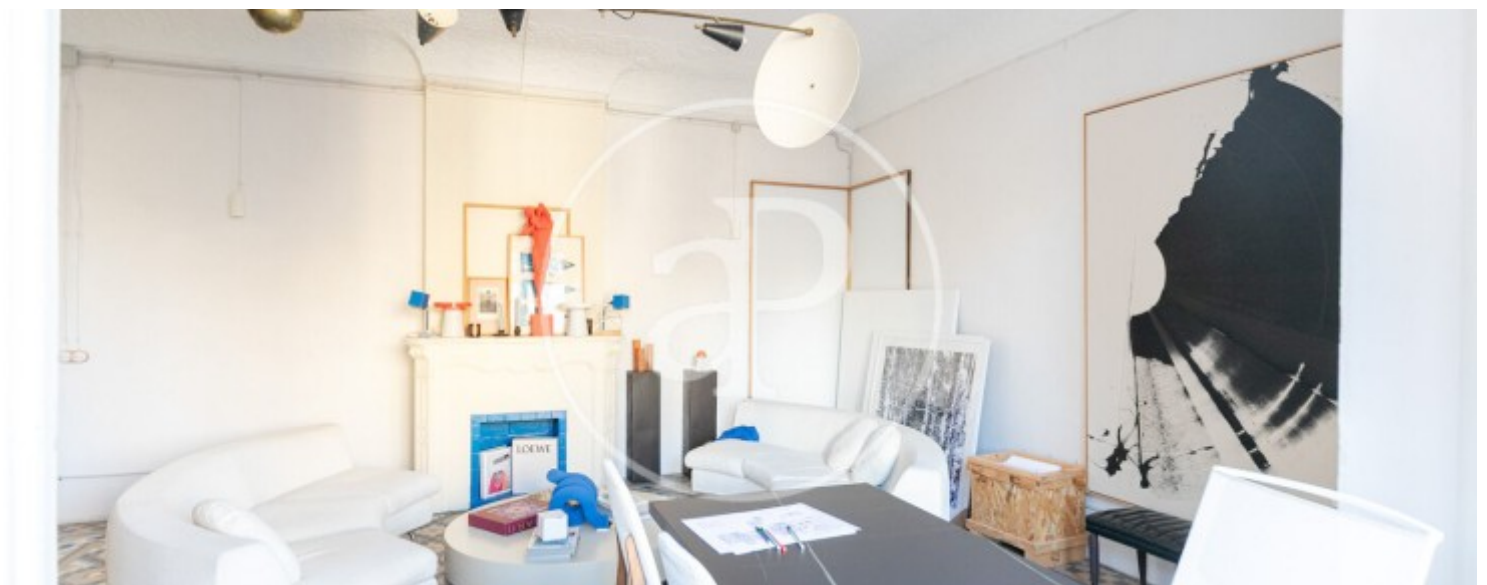

The property offers approximately 200 m², currently in need of renovation, providing an exceptional opportunity to create a high-end residence while respecting and enhancing all its original features, which are preserved in extraordinary condition. Notable features include the original hydraulic mosaic floors from Noia, the impressive coffered ceilings, the traditional gallery, as well as the original woodwork—elements that are increasingly rare and make this

property truly one of a kind. The height, corner position, and location ensure abundant natural light and a stately presence, making it ideal both as a high-end primary residence and as a secure-value heritage investment project. A unique property, without precedent on the market, designed for those seeking exclusivity, character, and an unbeatable location in the heart of Barcelona.
