In Avenida Roma, in the heart of L'Antiga Esquerra de l'Eixample, we find this elegant house with four rooms, recently renovated with a contemporary project and materials of excellent quality.

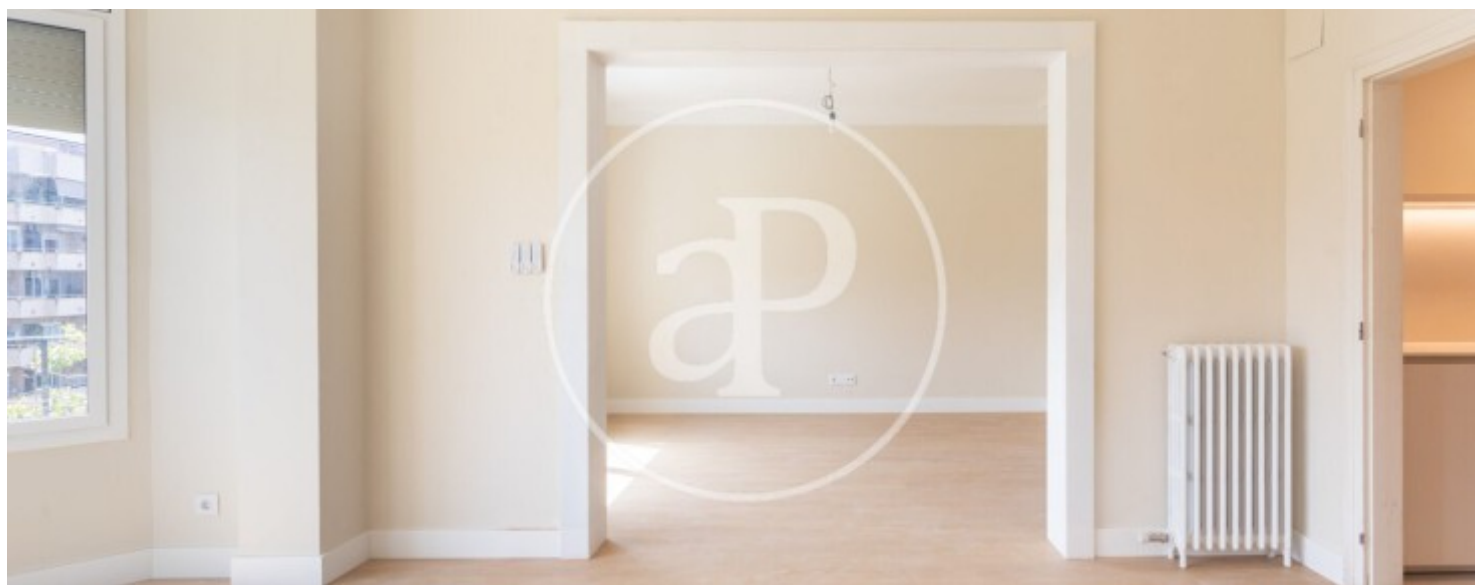

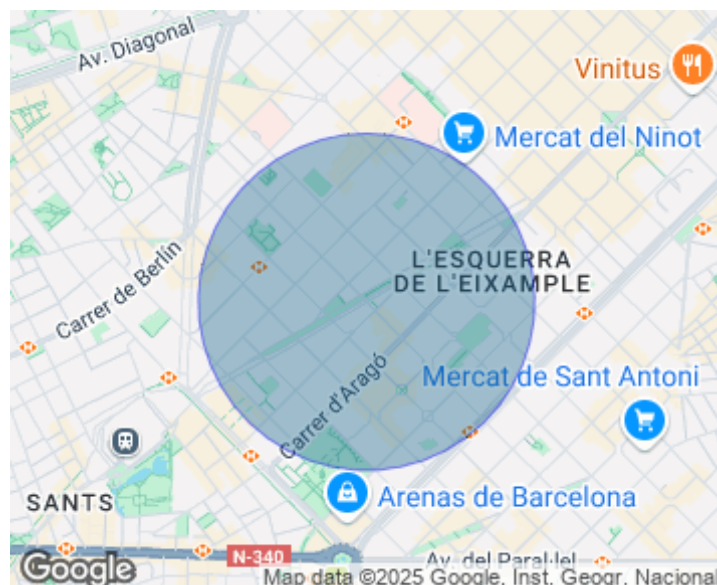

A property designed to enjoy spaciousness, light and comfort in one of the most consolidated areas of Barcelona. The house offers a pleasant feeling of spaciousness thanks to its empty views and the careful distribution of its spaces. The day area revolves around a bright, independent and good-sized living-dining room, while the kitchen is presented as an independent, modern and fully equipped space. Its furniture of the prestigious firm Santos stands out especially, in addition

to having a practical water area. The four bedrooms are distributed in a comfortable night area. The house has three double bedrooms, two of them with access to a quiet interior balcony, and a fourth single room that can be perfectly adapted as a children's bedroom, guest room or office. The property has two complete bathrooms and has been renovated taking special care of the choice of finishes and materials. The parquet floors provide warmth to the spaces, while the air conditioning guarantees comfort throughout the year by air conditioning by splits in the day area and by ducts in the night...
