In one of the best locations, central, surrounded by services and shops, very well connected with all kinds of public transport, we find this flat which is 190sqm and completely renovated with great taste and high-quality materials. The day area is made up of a spacious living-dining room, with access to a nice terrace that surrounds the whole house, an opened kitchen fully equipped with all electrometric paneling and a separate utility room. This area is clearly separated from the night area, divided into a toilet, four rooms, one of them master-suite and another junior suite with wardrobes, both exterior, a third double room and the last one individual, these last ones interiors, which share a full bathroom. Moreover, the floor has a great brightness due to its orientation, its exterior

rooms, and its height, since it is a real fifth floor. The building has two elevators and a concierge service.
