In a beautiful 1900's classic building, a few meters from the emblematic Paseo de Gracia, with only one neighbor per floor, is this impressive home of approximately 170sqm, which retains elements of the time as high ceilings craft. It has a typical distribution of the flats of Eixample, with orientation South-East and North-West, being the first orientation the one that gives to the patio of block and the second to the street. The apartment is very spacious and consists of a living-dining area with an exit to a bright gallery that overlooks a quiet block courtyard. Currently the apartment has five bedrooms, a kitchen, a bathroom and a large terrace. Due to its amplitude and distribution the flat has many possibilities of reform, being able to adapt to the needs and the taste of each client. It is ideal

for people who are looking for a house to reform to their taste in a very central situation, near all the places of greater interest.
