Flat located in the Clot neighborhoods, the area has been recently remodeled by the town hall, surrounded by shops and all kinds of services, as well as having very good communications, as it is next to the metro station. The flat is on an eighth floor and is all exterior. So it has a lot of natural light as well as sea and mountain views. It has a living-dining room, a kitchen with a water area, and four bedrooms: three are single and one is double, three of them are facing the street and one is a patio. It also has two complete bathrooms. From one of the rooms we have access to a terrace that can be enjoyed with the sun from midday until it sets. All the partitions can be thrown away, so a complete reform could be made to your liking.
