Located in a typical modernist building of 1910 in the famous Avinyó street, a very central street in the old town of Barcelona, we find this property of 140 m² which is divided into two floors, although in the registry it appears as a single dwelling. The apartment facing the street has 3 bedrooms, 1 bathroom, as well as a living-dining room and kitchen. Both the living room and the master bedroom are exterior and have two balconies. The apartment facing the inner courtyard has a separate kitchen, living room, a bedroom with dressing room and bathroom. The houses stand out for their well-preserved modernist details, such as their beautiful hydraulic floors. This property is in a perfect location in the center of the city and for its current distribution is an excellent opportunity for
