The house of 99sqm has two balconies with enclosures that allow stunning views of the city, on the north side the Tibidabo and on the south side unobstructed views to the sea. Once we access the house we can clearly differentiate the day area and the night area. In the day area we find a cozy living-dining room from which you can enjoy stunning views of the financial sky line and the sea, a single room as an office that could be incorporated into the living-dining room and a sunny balcony. In the night area we find an en suite

bedroom, two single bedrooms and a bathroom, with a balcony that incorporates the water area overlooking the Tibidabo. All the main rooms have electric radiators and Hungarian parquet flooring. The building has two elevators and concierge service and there is the possibility of parking in the same building.
