Fantastic ground floor surrounded by a magnificent footage garden and a terrace.

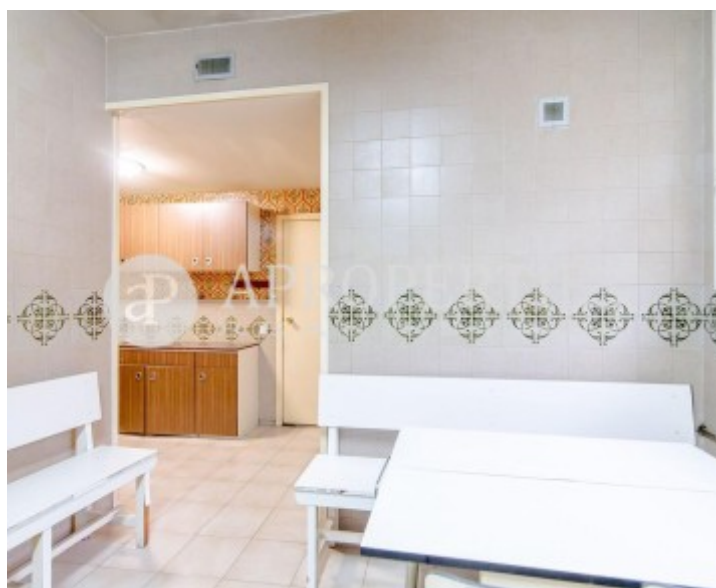

The apartment has a great potential because it needs to be completely refurbished. It could be classified as a house; it has independent access from the street but the main entrance is from the lobby of the building. Once inside we find a large hall, a spacious living-dining room with access to an enjoyable and quiet terrace. Next to the dining room, we find the large eat-in kitchen with laundry area and a maid's room with bathroom. The sleeping area consists of a bedroom en suite and three more rooms sharing a bathroom. The entire floor is facing outside. It has four parking spaces

and a storage room included in the price.
