On Carrer Sant Pau, just a short walk from the Sant Antoni market and the Recinte Modernista, this fully renovated apartment is one of those rare spaces that effortlessly blend the character of authentic Barcelona with the comfort of a brand-new finish. The original wooden ceiling beams are its defining feature — the kind of detail you simply cannot find in a new build, and one that gives every room a sense of history and soul. Spanning 90 m² across three bedrooms and a full bathroom, the complete renovation has made the most of every corner with real intention: well-defined spaces, carefully chosen materials and a layout that feels genuinely generous. This is a home for those who want to live in the heart of Barcelona without compromising on space or style. A dual east-west orientation and

two balconies — one of them a French balcony — fill the apartment with natural light throughout the day. Sant Antoni is today one of the city's most vibrant neighbourhoods: a thriving market, independent bookshops, sun-soaked terraces, acclaimed restaurants and the kind of authentic neighbourhood energy that few areas of Barcelona still hold onto. A characterful renovation at one of the most sought-after addresses in central Barcelona. If this feels like the home you've been looking for, the aProperties Real Estate team would love to show you around.
