Exclusive New Build Villas on the Costa Brava

Exclusive villas with a modern design, in a unique location with wonderful views towards the Medes Islands with the Mediterranean Sea and the Baix Empordà coast. This project is born in a privileged place, at the top of an old quarry, where the sounds and wonderful colors of nature reign. Located in the heart of Empordà, the town of Begur and its beaches make up one of the most wonderful corners of the Costa Brava, its old town and the eight small beaches form an unmatched landscape setting. The design of each of the villas is unique, integrating it into the environment with the best orientation towards unparalleled sea views. The project has been designed with the highest standards of sustainable development. The gardens are designed with native vegetation, treating the slopes with natural dry stone walls from the quarry itself and reinforced earth slopes to enhance the color variety. The villas enjoy the highest quality finishes, noble materials, and modern technology. The formal composition of the villas is integrated into the landscape with earthy colors and natural stone.
