Opposite the SEA, with an excellent and privileged location, in one of the most unspoilt and unspoilt areas of the island of Mallorca, this village house to reform in SA RÀPITA enjoys PANORAMIC VIEWS of the ISLA DE CABRERA, located between the BEACHES of ES TRENC and S'ESTALELLA, in front of the old "ESCARS" or small dry docks where the fishermen used to keep their fishing boats. The plot of about 287 sqm, free on three sides and easy access from three streets houses the fully buildable property. It is a typical Mallorcan house with an open floor plan that integrates interior and exterior areas while providing loads of natural light all around. The house is currently accessed from the main street through a beautiful porch of about 40 sqm with panoramic views, and leads to the

constructed living space of about 120 sqm, followed by a central patio of about 70 sqm and a garage of about 40 sqm. All these areas are buildable, also vertically. All in all, this is an ideal property both for private individuals who want to enjoy an idyllic place for their holidays or for the whole year, as well as for investors who want to build diverse units with good rentability. Can you imagine living here? We look forward to your call!
