This 149 sq m apartment in the center of Cerdanyola del Vallès, in the Cordelles area, is one of those spacious and bright homes you look for when you want to live right in the urban center without sacrificing space. It is a completely exterior-facing apartment, sunny all day long, featuring four double bedrooms and two full bathrooms, one of them en suite. The layout is very practical: a 30 sq m living-dining room, an independent kitchen with its own laundry room, and access to both terraces from all rooms. The terraces face south and north and are both equipped with awnings. If a more open-plan space is preferred, the kitchen wall can be removed to create a living-dining room with an island for family meals. It features heating, split air conditioning in the living room and one of the bedrooms,

and double-glazed aluminum exterior carpentry. Living here means having everything close at hand: schools, shops, and public transport are just a few minutes' walk away. The building has two elevators, and the parking space is included in the price, located in the building opposite, less than a minute's walk away. This apartment is designed for families who need real-sized bedrooms and want a comfortable, car-free lifestyle for day-to-day living. If you are looking for a family apartment in Cerdanyola del Vallès with terraces, natural light, and included parking, this home is waiting...
