With its square and modern design, Villa Horizonte redefines the concept of coastal luxury.

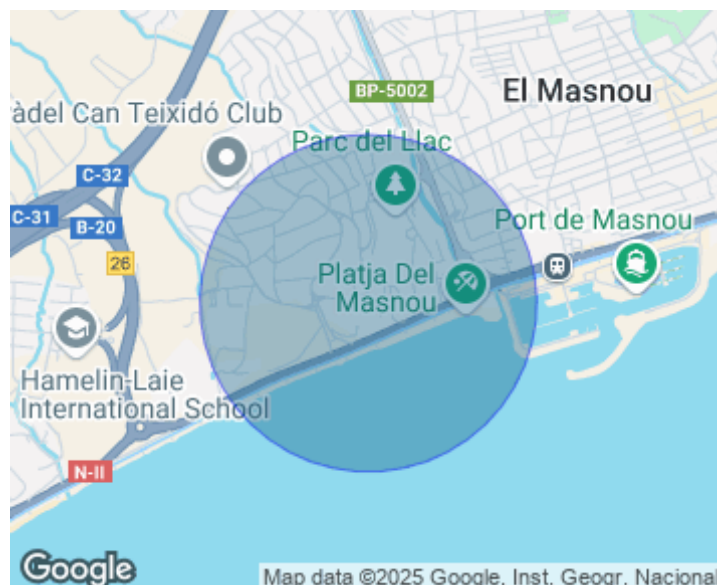

From its imposing entrance to its walkable rooftop, every detail is meticulously designed to offer an unparalleled living experience. The project is divided into five levels: two basements, a ground floor, a first floor, and a walkable rooftop, providing a perfect balance between modernity and comfort in an exclusive and elegant design. The two basement levels offer ample space for customization, with five parking spaces, a laundry room, and up to six multipurpose rooms tailored to your needs. The spacious and open-plan areas on the ground floor merge the kitchen, living

room, and dining room into a fluid space, where natural light filters through the generous windows, offering panoramic views of the sea and the lush surrounding garden. It is here where life intertwines with comfort and contemporary luxury. There is also a bedroom or office on this level. On the first floor, you'll find four en-suite bedrooms, equipped with all the amenities that invite rest and relaxation. The rooftop is the highest point of the house, offering an oasis of tranquility in an unparalleled natural setting.
