In the heart of Almagro, one of the most exclusive and representative addresses of Chamberí, is this extraordinary penthouse of about 500 m² located on the top floor of a classic building with great architectural presence. This is a unique property to renovate, designed for those who want to create a truly personalized residence in the heart of Madrid. Its private terrace facing west, its three orientations and the open views over elegant stately buildings make this penthouse an enclave reserved, quiet and full of natural light throughout the day. The house stands out for its proportions difficult to find in today's market, with ceilings about five meters high and two viewpoints that add character and depth to the spaces. The distribution allows to project large open areas, double heights

and a contemporary architecture on a classic base of enormous personality. In addition, it has a tailor-made renovation project designed to develop a high level residence adapted to the highest demands of comfort and design. The published images correspond to renders made by express request of the property. Living in Almagro means enjoying one of the most elegant neighborhoods in Madrid, surrounded by embassies, galleries, restaurants, green areas and historic buildings. A few minutes from Salamanca and Justicia, combines residential privacy with excellent connection to the rest of the city....
