On Marqués de Villamejor street, one of the most exclusive addresses in the Salamanca district, this 212 m² property is located on the fourth exterior floor, within a stately building featuring a representative entrance hall and a classic cage lift. The property, exterior and with open views, preserves architecture of great value, defined by its 3-meter-high ceilings with original moldings, as well as the presence of large windows with stained glass, two fireplaces, a bay window, and a balcony—features that are increasingly rare in today's market. The floor height and its dual north-south orientation provide continuous natural light, enhancing the sense of space. Currently in need of updating, it offers the opportunity to create a contemporary home while preserving its original

character, in a location where the availability of properties with these features is limited.
