In one of the most sought-after areas of the prestigious Barrio de Salamanca, this extraordinary property redefines the concept of urban luxury.

Conceived as a true single-family home within a high level contemporary building, it offers privacy, space and a residential experience that is hard to find in the center of Madrid. The main floor is embraced by a large terrace that runs through the entire facade, generating a natural connection between interior and exterior and allowing for exceptional luminosity throughout the day. This level houses an impressive large social space, where formal lounge and dining room coexist in a smooth and elegant atmosphere. The design

kitchen, perfectly integrated, combines functionality and aesthetics, becoming an essential part of the social life of the home. On this same floor there is a separate laundry room, a guest toilet and a sophisticated bedroom en suite. The main architectural element is its imposing wooden covered spiral staircase, a sculptural piece that brings character and personality, articulating the different levels of the property. On the first floor there are two large en-suite bedrooms, accompanied by a generous living room or family room, conceived as an intimate and versatile space for everyday life....
