Aproproperties presents flat of 117 m2 according cadastre in the street Don Ramón de la Cruz, in the neighborhood of Goya-Salamanca.

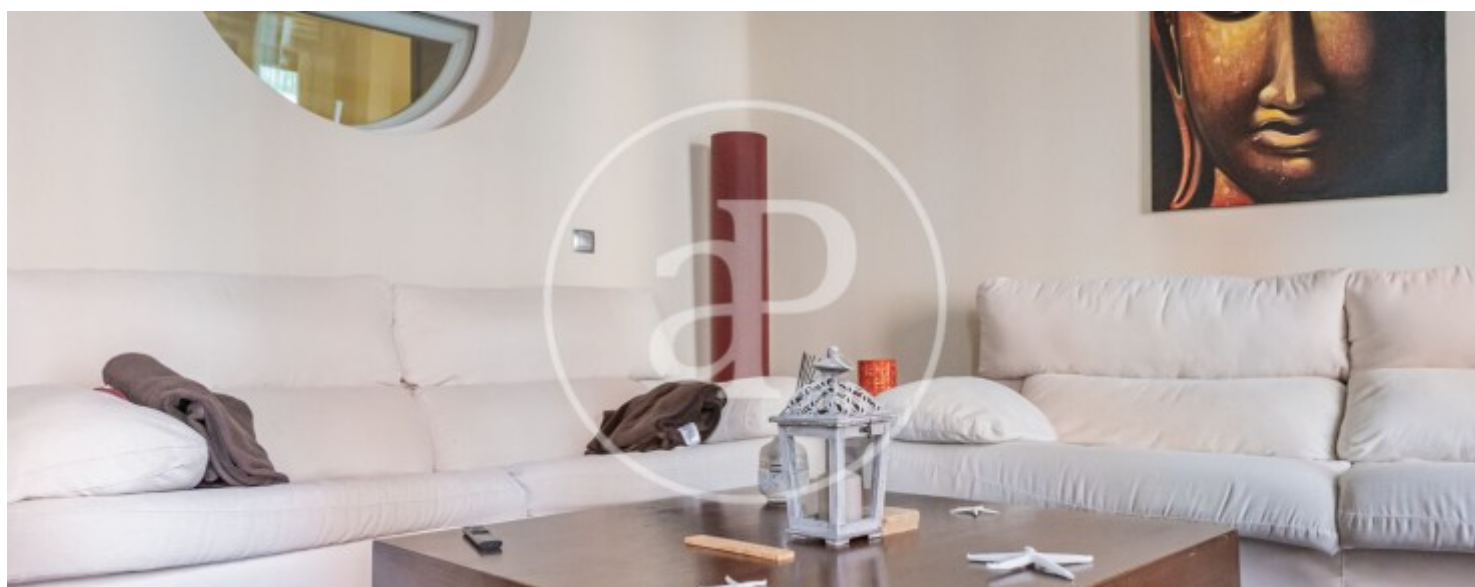

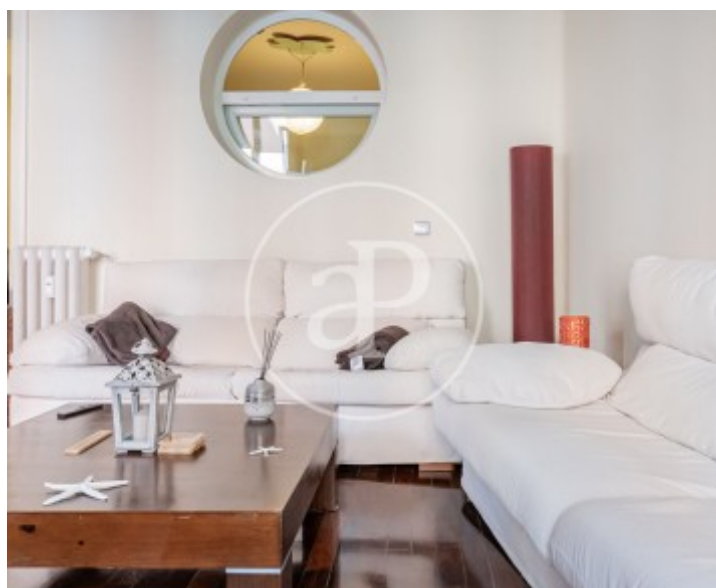

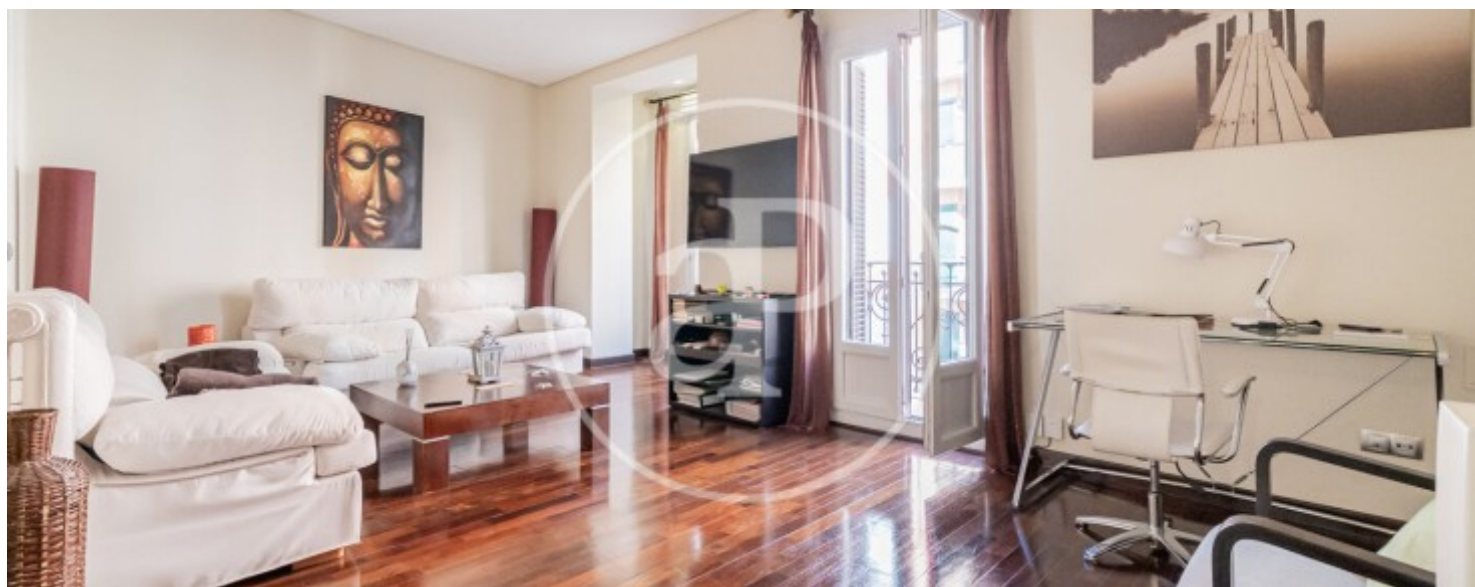

It is a house located in a classical estate of the first half of the twentieth century with beautiful facade with balconies. It consists of two double bedrooms, two bathrooms (one en suite), separate kitchen and living room. The house is in a good state of conservation, although it allows an update. Currently, the second bedroom is blind, although it would be possible to redistribute it. We find a great property ideal for both habitual housing and investment in one of the most sought after enclaves of Madrid. Can you imagine
