Magnificent, completely exterior corner apartment in need of renovation in the heart of Goya.

It is a 155-square-meter apartment according to the land registry, located in a beautiful classic building from 1940 with a lovely, representative entrance that has been adapted and renovated. The property is located on the sixth floor with only two neighbors per floor and has seven beautiful east-facing windows, two of which are terraces. The house is accessed through an elegant entrance hall that leads to a fantastic living-dining room with a balcony and a beautiful corner bay window, through which beautiful light enters thanks to its east-facing orientation. Currently, the

kitchen is separate with a service entrance. It is a blank canvas to be redistributed to the new owner's liking, allowing for a beautiful 3-bedroom home with high ceilings and unobstructed views. Its location, height, and exterior make it unique. Can you imagine living here?
