In Madrid's Salamanca neighborhood, one of the most sought after areas of the capital, we find this house with a brand new reform by an interior design studio.

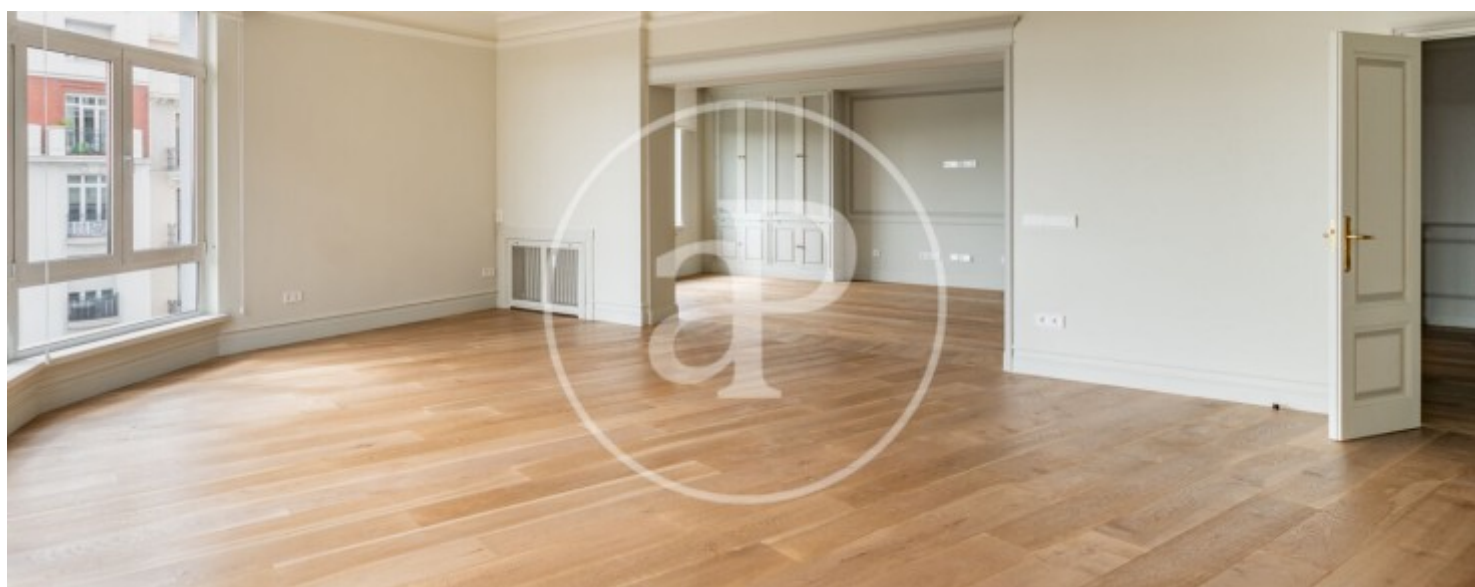

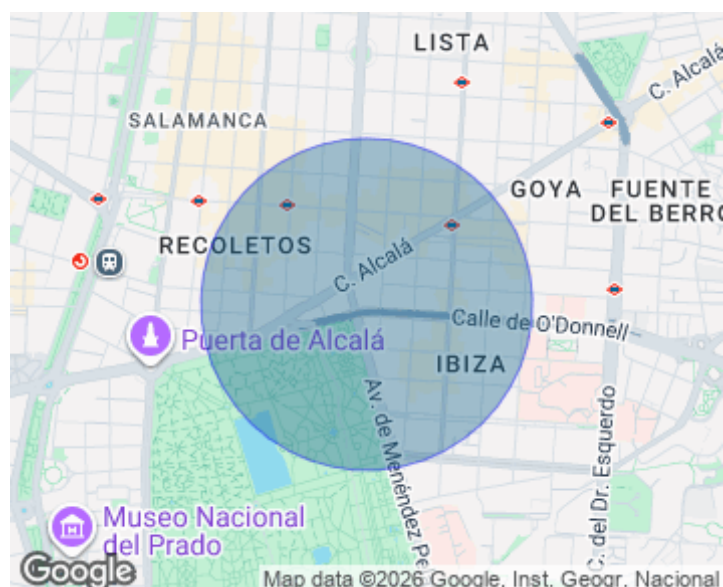

Upon entering, we are greeted by a hall of considerable size, from which part an outdoor living room. This communicates with a dining room, with almost square dimensions, separated from it by a sliding door. The entrance hall, communicates with a toilet, and with the master bedroom, with full bathroom, access to the terrace and a multitude of fitted closets. The kitchen, which is accessed by a distributor, is the center of the house, and divides the day area with the night area, consisting of two double

bedrooms with fitted closets and en suite bathroom. The kitchen, fully equipped with high-end appliances, has space for an office or a secondary living room. From the same part a separate utility room, and the service area, consisting of separate service entrance, and a bedroom with bathroom. Located in a luxury building, two parking spaces are included in the price, with valet parking 24/7, as well as a storage room of 20 square meters. Located in the prime area of the Salamanca neighborhood, with the Retiro Park across the street. Can you imagine living here?
