In one of the best neighborhoods of Madrid, the Barrio de Salamanca, located between the central shopping streets of Goya and Jorge Juan, we find this excellent renovated apartment of 54m² located in an elegant building with a classical façade. It is a very bright basement, which has no construction in front allows the entry of light to all rooms of the house. Its cozy and practical distribution consists of a living room with double height in which the upper space has been used with windows to the outside to create a work / reading area with suspended glass floor. The sleeping area consists of a large bedroom with dressing room. The apartment has a bathroom and kitchen independent of the rest of the rooms and equipped with all appliances. It also has a 6 m² patio where the laundry area

and several mezzanines are located in several rooms. The apartment is provided with individual gas heating, climalit windows and armored main door. The renovation has been carried out with the best qualities including details of indirect lighting led and false ceiling that gives it a comfort and warmth that makes this apartment a unique and special product. It is an ideal option both to live and to obtain high profitability given its strategic location.
