In the heart of the district of Letters, we find this magnificent flat of 97sqm and 83sqm useful, completely renovated less than a year ago.

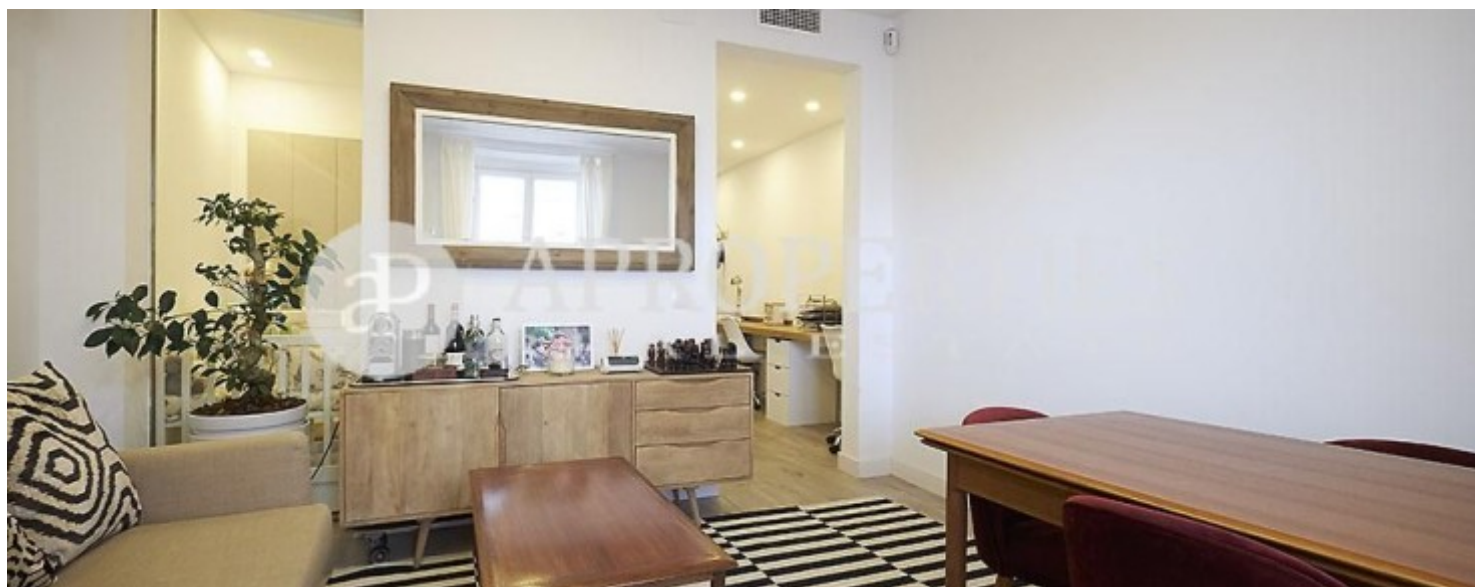

The property has a lot of light, since it is on the fourth floor, this being the penultimate floor of the building. The estate was built in the year 1900, is located in a quiet and quiet street, with limited access to traffic and in its surroundings we find all kinds of services, museums, galleries, antique shops and some of the most charming restaurants in the city. Regarding the distribution of the house, we entered a good sized hall where a work area has been enabled, then we access the living room with balcony to the street.

Next to the living room, bedroom and a bathroom that also makes guest bathroom. To the right, there is the open kitchen, fully equipped and with an office-type wooden bar. Finally, the flat has master bedroom with bathroom en suite and a large dressing room. The property has a storage room, included in the price.
