In one of the most consolidated and discreet residential addresses in Pacífico, we present this exceptional 160 m² property, conceived for those who value space, tranquility, and a lifestyle where every detail makes a difference. Situated on an elegant fifth floor, the property enjoys a privileged interior orientation towards a large courtyard block, a feature especially appreciated for offering an extraordinarily quiet, private environment bathed in natural light throughout the day. Its current layout offers three generous bedrooms, with spacious and balanced spaces that allow the property to adapt to different lifestyles, while always maintaining a sense of comfort and sophistication in every room. The property incorporates attributes that are increasingly scarce and highly valued in the Madrid residential market: two large garage spaces, dos independent storage rooms, and a 24-hour private security service—elements that significantly elevate the experience of living with comfort, privacy, and absolute peace of mind. Located in a contemporary building constructed in 1993, this residence represents an exceptional opportunity for those looking for a large-format home in a strategic location within Madrid, perfectly connected to the city center, surrounded by green areas, premium services, and the residential essence that defines this area of the Retiro district.
