In the square of Santa Catalina door, very close to es Baluard there is a building of four floors with four flats and a local of these the third one is for sale.

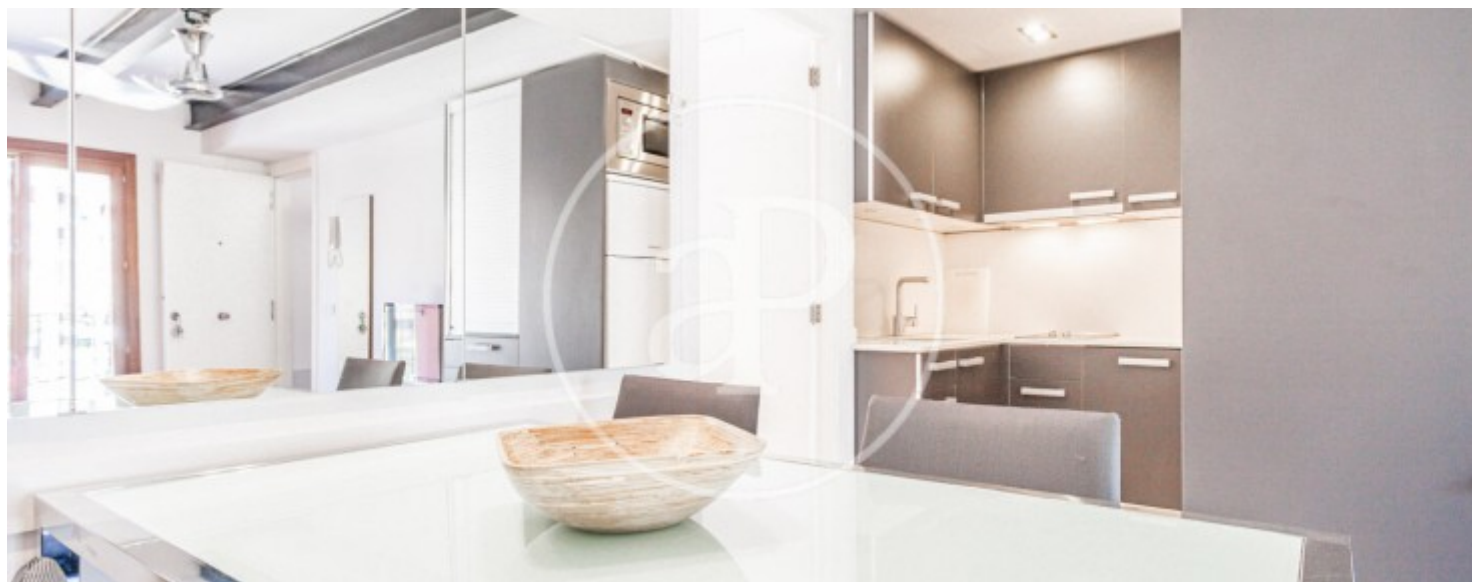

It is worth mentioning that this building is one of the best locations in the city as it is in the same square and receives a lot of light and we understand that it is a good building. The property has a living room, kitchen, bedroom with large window and en-suite bathroom and a small balcony. Everything has been done with a lot of criteria and good taste. It is ready to move in, has wooden frames, double glazing, wooden floors, new fitted kitchen. It is sold completely furnished,

according to the images of the photographs that we enclose. The views from this flat are very clear, as it has the whole square in front of it and has very good energy. This building has a lift. Can you imagine living here?
