We present an excellent opportunity for property developers: an urban plot of approximately 3,700 m² in Playa de Palma, an established residential area that combines proximity to the sea with a wide range of services, shops, restaurants and excellent transport connections. The property is divided into 8 plots, one of which is designated for access to the residential development, and has a project and a licence currently in progress for the construction of 7 detached single-family homes. The project envisages two-storey houses designed to offer privacy, comfort and private outdoor spaces, including individual gardens and swimming pools. This residential development is particularly appealing to those seeking to enjoy the Mediterranean lifestyle in a setting close to the beach and all the amenities needed for everyday living. Its location in Playa de Palma offers the perfect combination of residential tranquillity, proximity to the coastline and access to comprehensive local amenities, making it an attractive site for the development of a residential complex of detached homes. An opportunity to acquire the entire plot and bring to life a distinctive residential development aimed at a market that values privacy, outdoor spaces and quality of life by the sea.
