In one of the streets with the best access to commercial areas close to San Miguel and Plaza de España, we find a rationalist building with a ground floor and two storeys.

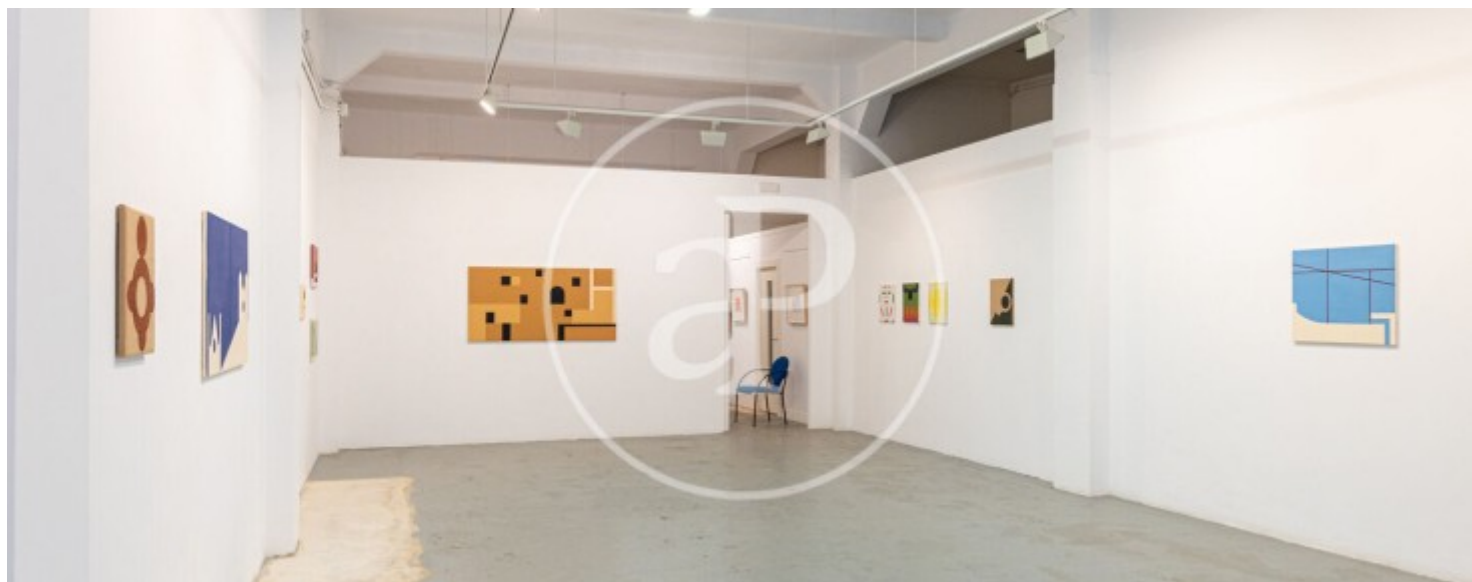

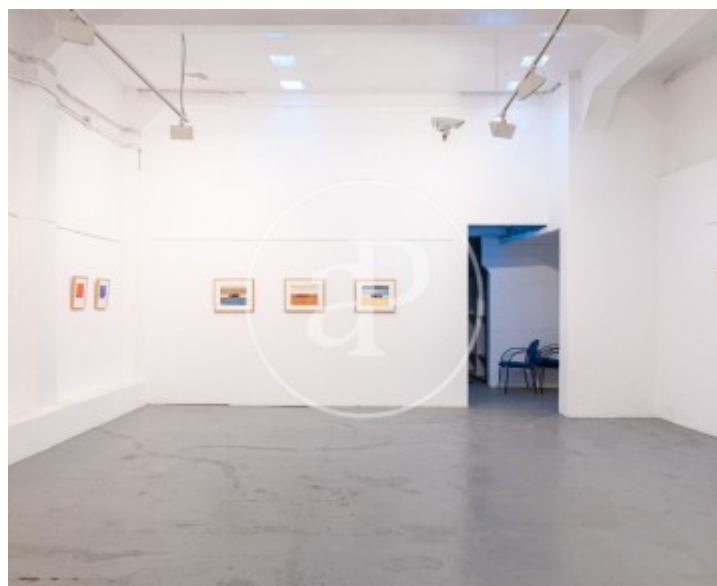

On the ground floor there is a room which is currently used as an art gallery and which has many possibilities for the future as it has arches and mezzanines which make it attractive, as well as three rooms, a toilet and a laundry room. This local has a lot of possibilities as it can be used for many activities. On the other hand, we find the main entrance by accessing the building through a wrought iron and glass door which has a hall with marble paving and is distributed as

follows: First floor: A large hall with staircase, living room with fireplace, dining room, double bedroom with en-suite bathroom and living room. Kitchen, toilet and large patios. First floor: Hall with fireplace, four bedrooms with bathrooms en suite, plus an upper roof terrace. The interior of the house has 40 x 40 floors of hydraulic veined in green and amber tones in the form of a checkerboard. All the carpentry is modernist. The house is very exterior so it is flooded with light. Possibility to go up one more floor and also to build a swimming pool. It...
