For sale with tenants Presenting a fully renovated penthouse with high-end materials, located in a relatively modern building from 2006.

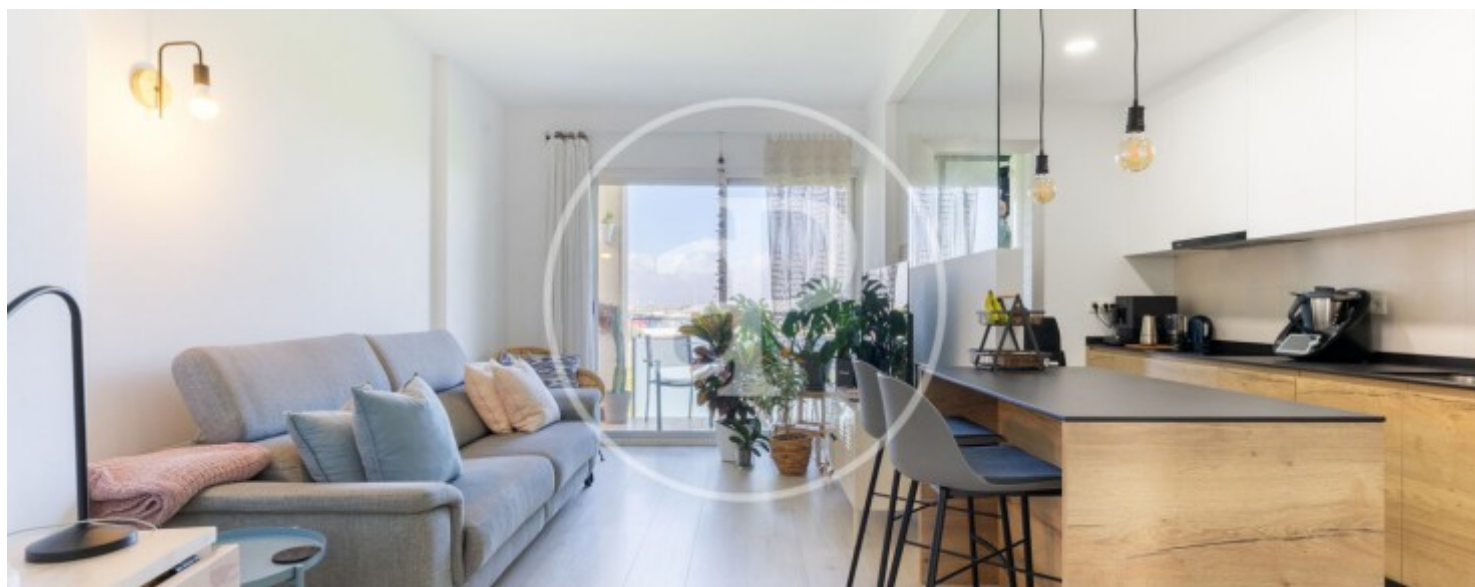

The property occupies the top floor of the building, offering privacy, along with a 62?sqm private terrace accessible directly from the interior. The property includes two adjacent parking spaces in the underground garage and a spacious storage room of approximately 8?sqm, providing convenience and functionality, with direct indoor access to the garage. The comprehensive renovation was carried out with a modern, detail-focused approach. The open-plan kitchen and living room are designed to create a bright, flowing environment perfect for

family time or entertaining. Lighting was carefully designed to highlight space beauty, and the apartment's positioning maximizes natural light, making it a welcoming retreat. The kitchen is a true design center—modern and elegant—with integrated high-quality appliances. The Dekton countertop, a resistant and durable material tolerant of high heat, adds sophistication and practicality. There's also a reverse-osmosis system integrated into the kitchen faucet to ensure water quality. Every detail was crafted for comfort and high quality, and the property is sold fully...
