In one of the most demanded areas close to the centre of Palma by the sea and with one of the best parks of the city and only a few meters away from the Baluard, one of the most beautiful areas of Palma, we find this penthouse of about 80 sqm plus another 70 sqm of terraces. A beautiful property with living/dining room and open plan white designer kitchen and two double bedrooms fully furnished, two en suite bathrooms renovated two years ago using a white veined marble type cutting which is very popular today. To denote modernity, the bathrooms and kitchen have been renovated in a very minimalist and modern way to contrast with the age of the house, which has also been completely renovated, although it still has beams. The terraces are at two different heights and give a very

special character to the property. It is a house for romantics as it has a very special magic and wonderful views over the whole area of Santa Catalina and the Bay of Palma.
