The triangular spaces and the view of the horizon create a striking contrast of lines, shapes, perspectives, and unique panoramas.

Its design, spread across three floors—basement, ground floor, and first floor—takes you on a journey through different atmospheres and spaces that evoke modernity, luxury, and exclusivity. Endless Horizons is a window to nature, that thin line separating the green landscape from the infinite blue of the sea, the perfect balance between harmony, architecture, and beauty. On the first floor, you'll find four en-suite bedrooms with large windows offering the best panoramic views of the endless sea, equipped with all the necessary comforts for a restful retreat. The ground floor provides access to various shared spaces: the dining room, kitchen, fireplace, swimming pool area, as well as a living room and a spacious office area. The basement includes four parking spaces and a multipurpose room that can be tailored to your needs and dreams. Every corner of Endless Horizons is an ode to modernism and comfort.
