Completely refurbished flat with exquisite design and decoration.

Starting with the delicate combination of colours and qualities, from the parquet flooring to each of the pieces of furniture designed exclusively for this property. All these details make it a practical but unique flat. The entrance hall serves as a distribution between the different areas of the property. First we access the kitchen, which has a water area perfectly integrated into the decoration. From the entrance hall we also access the living room, which is spacious and bright, as it is almost completely glazed. It combines the dining area, living room and access to the terrace where tables, chairs

and sofas can be placed. In the night area, a new hallway has spaces with built-in wardrobes and organises the first two single bedrooms that share a complete bathroom. Finally the suite with its own bathroom. The property has built-in wardrobes and clever corners converted into storage spaces integrated into the decoration in a discreet and linear manner. The property is located in one of the best neighbourhoods in Sant Cugat and has communal garden areas and a swimming pool.
