Located in a quiet area and close to nature, this unique home is characterized by its modern design and its large garden that surrounds the house, where in one part or another we will always have the sun lighting it, and entering at the same time through the windows thanks to those who will always have natural light throughout the day. The house is distributed over 3 floors and the garage. On the first floor consisting of 120sqm, we will find a large dining room that enjoys a

lot of natural light with direct access to the garden, a room - living room on the floor, and a large kitchen. Going up the stairs, on the first floor we will find a suite room with its own terrace and a great bathroom with a hot tub, and 2 large rooms that share a bathroom. Already on the third floor, we will find a large terrace and 2 more rooms, one of which is currently used as an office.
