Townhouse very beautiful with a lot of charm.

It is inside urbanization with surveillance, two swimming pools and garden areas. The location is excellent, as it is next to the American school, and has all the necessary services on foot. The qualities are very good: park, porcelain and good finishes. The house has four floors, as we enter we have a distributor who takes us into this house of great style. The living room is very big and it leads to a spectacular terrace with two different rooms and clear views. The kitchen is separated from the living room by a sliding door. The whole house has a lot of natural light. On the second floor we have two bedrooms en suite,

with an open study area where you can see the living room. On the last floor there is a double bedroom en suite, with its own office and a 20 meter solarium area where we can see the sea. In the basement we find the service room with its own bathroom, a study area and storage room. The house has two parking spaces. It is a house with a lot of style that you cannot miss.
