Beautiful townhouse renovated with lots of light, is located within a very quiet community with few neighbors.

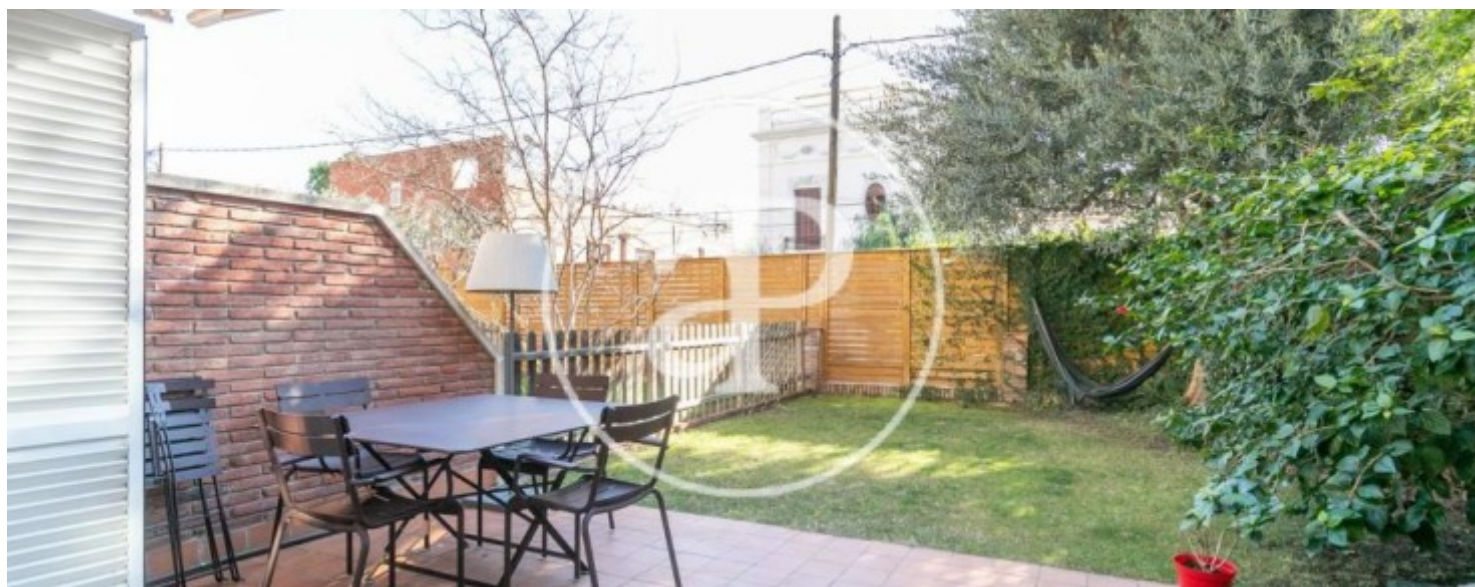

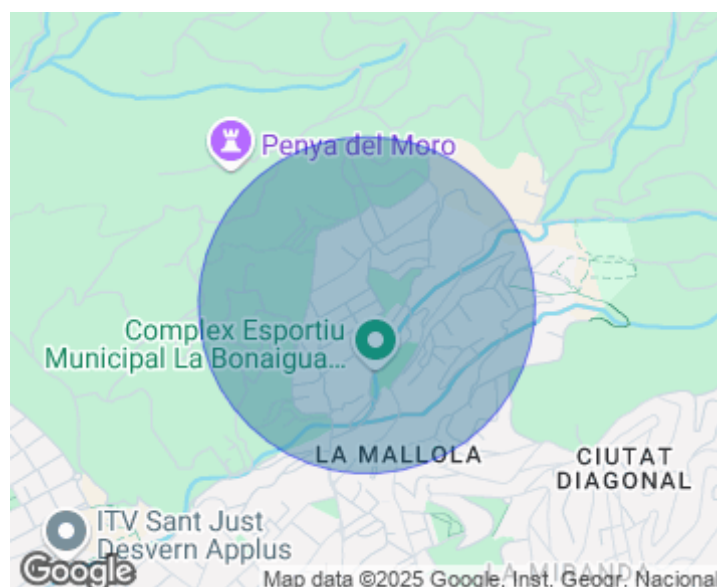

Next to shops, parks, a few meters from the American school and the German school. The house has been reformed with an exquisite taste and with first quality materials. In the first floor we find the living room with the integrated kitchen, with exit to the garden, and a toilet. On the second floor there are two bedrooms en suite with lots of light and a small office, the whole wall that goes up to the top floor is made of pavés, which allows a lot of light to pass through and gives the house an impressive clarity. The top floor is the master bedroom

with its dressing room and bathroom en suite, a second bedroom with its bathroom outside. On the basement floor there is a large laundry room with a hanging area and a very large garage, where a service bedroom could be made if needed. It is a house to live in, with an unbeatable location and price.
