In the most noble area of the Gran Via Fernando El Católico, we find this spacious house completely renovated design.

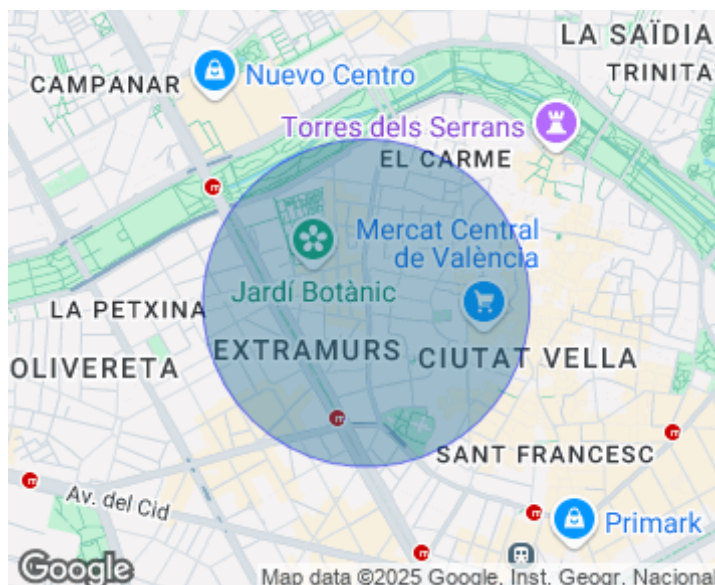

The surface of the same one is of 140M2, it consists of three rooms two of them double, with fitted wardrobes two bathrooms. The kitchen, fully equipped, is semi integrated into the living room, even though it is perfectly delimited and with sliding doors that can be closed at will. It also has a storage room inside the house where there is a laundry room, boiler and storage area. Its parquet floors, throughout the house with the exception of kitchen and bathrooms, increase the comfort that this property emerges as soon as you cross the access

threshold. It emphasizes of the same one, the amplitude of its stays, and the constructive elements rehabilitated like pillars, walls of brick of factory, among others. We highlight this house, the views from its large windows can be seen from the gardens of the Gran Vía, and therefore its luminosity that they give it. Due to its location, the communications available are bus, metro and taxi rank. In short, this house nestled in the more than consolidated Extramurs neighborhood, has prestigious colleges a few meters from its entrance hall, such as the MM Escolapia, Jesús...
