We are facing this exclusive home, located a few meters from the Central Market of the city of Valencia and next to the fabulous Plaza del Ayuntamiento, the perfect place to satisfy all the curiosities that life in the center of the city offers us. We access this central property through an entrance hall, which serves as a distributor to the different rooms that this house presents, full kitchen, two bathrooms, five bedrooms, of which two are double and fall back to the main street, coinciding with the living-dining room with views to this same facade that presents a fantastic natural lighting through its large windows. El Mercat is the most central neighborhood of the district of Ciutat Vella, belonging to the old town and, as the name suggests, extends around the Central Market of Valencia, it is

worth noting among the most emblematic monuments of this area, La Lonja, the known Church of the Santos Juanes and the Plaza Redonda.
