In the privileged area of the Mercat Central, we have this house.

It has three balconies, two exterior rooms, one with a balcony and another with a window. Both are of good dimensions, the first is the main or double room with balcony to the outside and the second single. Both have fitted wardrobes with good storage capacity. The house also has two bathrooms, one complete with sink, toilet, videt and shower and the second with sink, toilet and shower as well. The kitchen is equipped with all appliances, oven, gas hob, extractor, fridge, microwave and washing machine. The whole house has gas heating. The main room and the living room have air conditioning. Although

it is a new building, it is perfectly integrated into the architectural environment. The building is very familiar, with only eight neighbors and the advantage of having an elevator, not very common in the city center. All building materials are top quality, and all windows are double glazed. Around the house we have the Mercat Central, Lonja de Valencia, Town Hall Square, Plaza de la Reina and Cathedral. The area has all the services, in addition to the Mercat Central, it has supermarkets around it, banks, pharmacies, shops of all kinds, restaurants and schools.
