In the area of Plaza de España, and one of the brightest streets, we find this unique apartment completely renovated, brand new, and with an exquisite decoration.

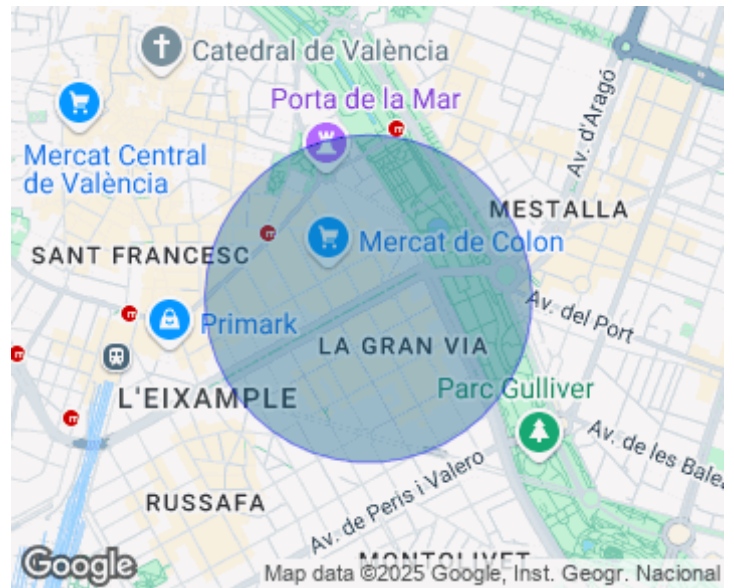

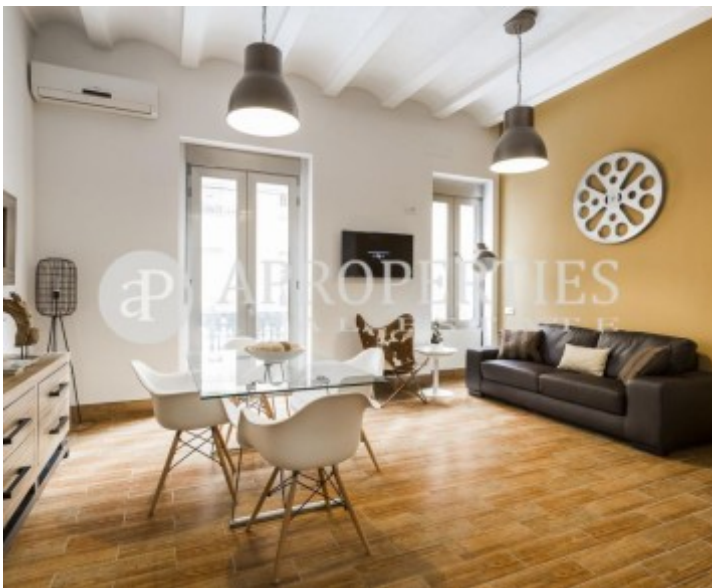

Its owner, has taken great care of the details with which this luxurious two-bedroom and two-bathroom home has been rehabilitated. The apartment, is fully furnished and with all the necessary things to be used to live, immediately. It draws attention, as soon as we access the apartment, the interior terrace as a skylight, with plants and direct sunlight. Completely glazed this terrace, is the dominant element of this house, as in addition to being decorative, it provides luminosity in the center of

the property. We highlight the housing, its functionality and comfort. As for the equipment, there are interior doors in white lacquered wood and the exterior carpentry with Climalit glassware. Located in a fully consolidated neighborhood, it has shops of all kinds, points of interest and all communications with the rest of the city of Valencia: Metro, buses, etc. Its proximity to the Town Hall Square which is just ten minutes away, involves the convenience of living in the center and at a very moderate price.
