We found this wonderful house in one of the most emblematic neighborhoods of Valencia, near the old course of the Turia river, the football stadium of Mestalla, and very close to the center of Valencia.

The house of spacious and bright spaces, consists of a beautiful living room decorated with designer furniture in light colors, and cheerful prints. It has large east facing windows that provide light from early in the morning. Through the corridor we reach the kitchen, spacious and with breakfast area, which is fully equipped and laundry. It has 3 bedrooms completely exterior and decorated with taste, the first is double room with fitted wardrobes, and en suite

bathroom. The second could be used as an office, and a third as a single room. Along the corridor and from side to side, we have a long built-in wardrobe with white lacquered carpentry that provides the necessary space for all types of storage. The house can not be better located, in a quiet neighborhood but connected to the main attractions of the city, near the Paseo de la Alameda and just five minutes from the old Turia riverbed where you can walk, practice sports, etc ... and crossing the bridge we reached the center of the city. There are also shops in the neighborhood, supermarkets,...
