Spectacular luxury apartment and modern design with the best qualities and materials on the market.

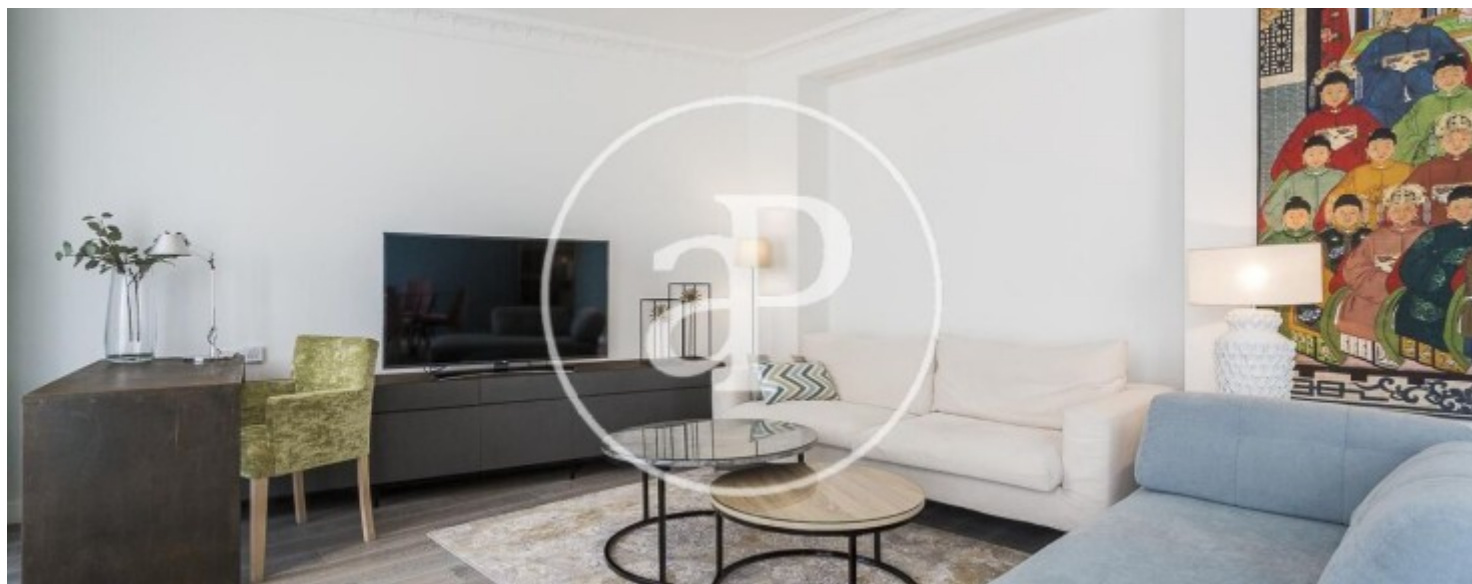

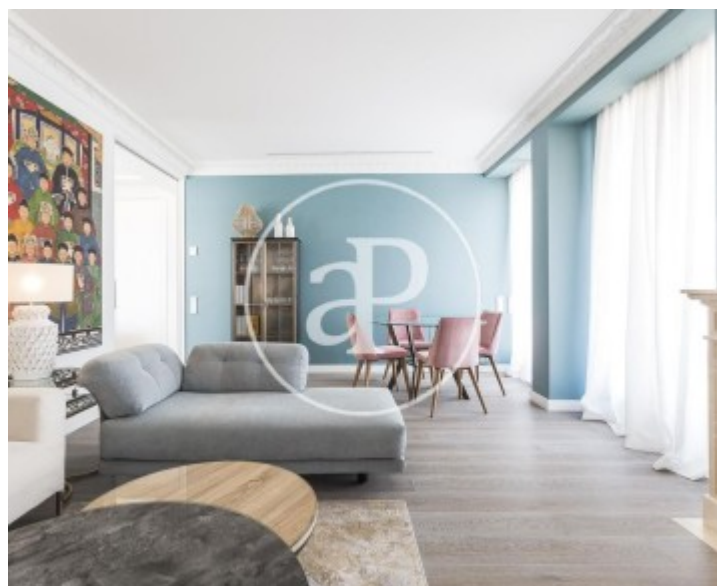

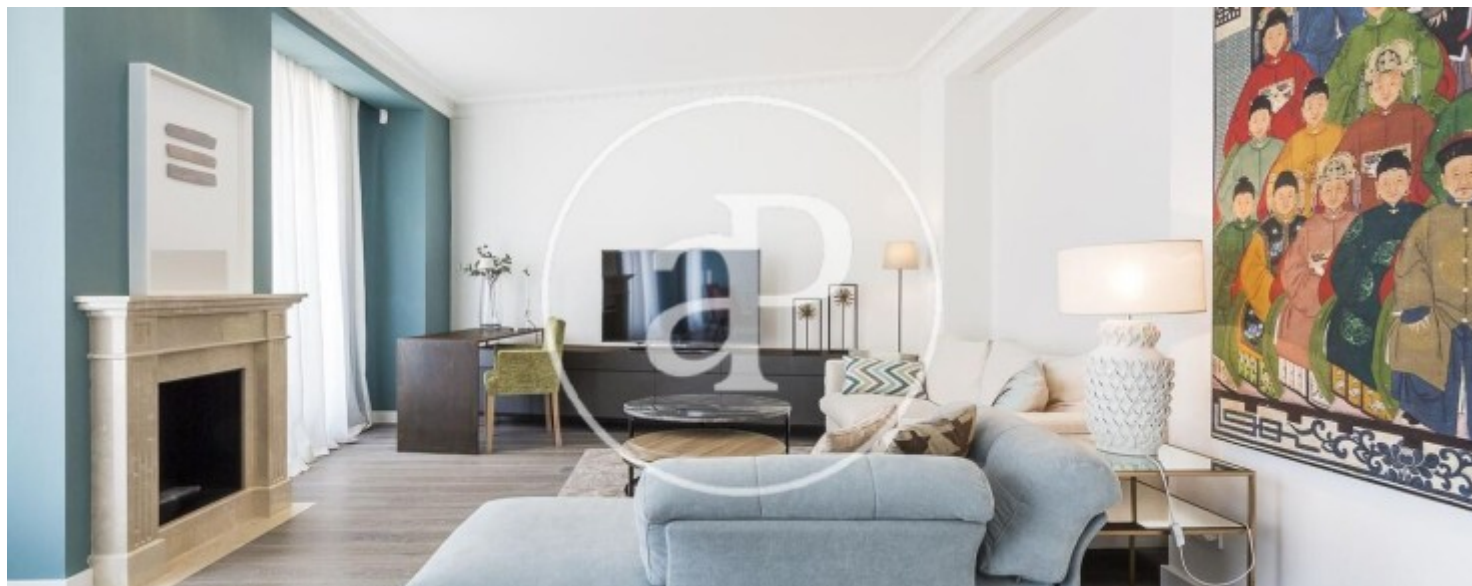

Recently renovated in a classic building of Sant Francesc, next to the Golden Mile and very close to the Plaza del Ayuntamiento and Calle de la Paz. Fully equipped, spacious and very bright. The house is accessed through a hall and a large hallway in which is the additional bedroom and a full bathroom that serves the ism and serves as a courtesy toilet. Continuing is the kitchen, modern, unsurpassed design, bright and very well designed as it is divided into two parts; a more conventional part and with a large window, which gives it a lot of light and another in which

is the fridge, oven, microwave, hob, hood and storage completely apanelados. This kitchen has a fabulous large table to have in the same dining room service. Then, from the kitchen, you access the large living room and the master bedroom. The separation with the living room, is a large sliding door that gives the possibility to separate both rooms or stay open to connect them as a single space. From the living room you access a large terrace of 60 m² with huge outdoor table and sun loungers. This is very wide and with many possibilities to enjoy it both day and night by the lighting...
